

1841 and 1851 Census Images

I am currently working on making sure that all the census images I have are uploaded and linked to the correct individuals and that the information is displayed correctly. There are thousands of images!

Currently, the 1841 and 1851 UK census images are done and work has started on the 1861 UK census.

The work is slow and tedious and is a job I have been putting off for too long. However, I have written some software to help speed things up which seems to be working ok. It would be very tiresome to check every individual link and so I am trusting that my dyslexic keyboard is behaving itself! However, mistakes are bound to creep in so again I would be very grateful for any information about mixed up, missing or incorrect census information – for whatever year.

Cheers,

Phil.
