

Another 2 months has whizzed by!

Is it really 2 months since I last updated the website? Yes! It is! Ah well, it's done now ... thanks to a bunch of contributors the head count has risen to a massive 75,576 individuals. There is still a lot of work to do before I can 'retire' but, with any luck, the next 12 months will see a lot more information being added to existing families.

The wiki didn't take off as planned but I will keep it there as there are a few things I want to add to it myself. There are a number of improvements to the website planned as well! I need a P.A.!!

Thanks again to all the people who have sent me information about their families and/or their research. The list includes: John Oliver Thomas, Karen Barter, Daphne Liddle, Heather Brookes, Rachel Montgomery, Tina Grenney, Lydia Hallatt, Sharon Perrett, Christine Frater, Edgar Johns, Jeanette Hamm, Di Christensen, Jan Hazell and Sue Bawden. This is probably not a comprehensive list and I apologise if I have forgotten to mention anyone but it's getting harder for me to keep track of everything!! Old age has stopped creeping and is now galloping toward me!! ☐
